Lose Yourself in the Sonic Vibrations

Relax...you've entered a no-stress zone. Take a moment or two...maybe even an hour or two...and think of nothing. That's right... no thoughts at all, no time at all. Does it really matter what time it is? It's your time. Time to relax, forget, be pampered, enjoy a back massage, a foot massage, a warm bath, or all of the above. *Mist Upon the Lake* will help you achieve your destination. Your body will love you for it, your soul will rejoice, and your mind will revel in quiet surrender and peaceful contentment. No distractions, no noise, no mindless chatter...just a soothing, relaxing, meditative sound.

Enjoy the sonic vibrations of *Mist Upon the Lake*. Go ahead...you're worth it and you deserve it!
